

# STREET SWEEPING HELPS THE SEA!

The Stormwater and Education Alliance (SEA) is asking all citizens to help protect the waters flowing into the Monterey Bay National Marine Sanctuary

Any polluted matter in the street can enter storm drains which flows directly to our lakes, rivers, creeks and ocean where it can harm marine life and pollute the water. Street sweeping helps to remove this matter and keep it out of the stormwater. Residents can help the street sweeper clean the trash and pollution from street gutters by moving vehicles off of the street on sweeping days.

**Contact your public works department for  
street sweeping days:**
